Devon&Devon presents the Secret Gardens collection

The result of a collaboration between Devon&Devon and one of the most prestigious international design studios, this new collection of coverings, furniture and accessories for the home and bathroom brings together nature and imagination, familiar and unexpected, to create an entirely new equilibrium.

Designed by Marcel Wanders studio with a holistic and poetic creative approach, individual elements are all dressed in a seamlessly flowing design and, when placed together, create remarkably immersive settings that produce dreamlike spaces. The collection includes wallpapers and small and large ceramic slabs (all available in an array of shades), a vanity table, three mirrors, and a range of ceramic accessories.

The Secret Gardens collection also includes showstopping ceramic slabs that feature the same design as the wallpaper, the mirrors and the furniture. Created by Marcel Wanders studio for incredibly magical spaces, the wallpaper comes in 4 different designs (Blossom, Zen, Urban and Garden of Dreams), each of which comes in a variety of shades. The perfect fusion of aesthetic refinement and function, the large format of the slabs (120x240 o 60x120 cm) means fewer grout lines, therefore guaranteeing a beautifully clean design.

Available in 7 designs and shades, the vanity table designed by Marcel Wanders studio for the Secret Gardens collection is a simple piece of furniture dressed in a seamless flow of dreamlike textures that transform its rationalist design into an entirely unexpected visual experience. The wooden frame is covered with a vinyl film that has been applied by hand.

The Secret Gardens collection also includes a modular triple-glass mirror (available full-length, half-length and individual) that visually calls to mind triptychs and arched windows with multiple panes, providing a contemporary take on these through its clean lines and wonderful design on the back.

"The past continuously inspires us," explains Gabriele Chiave, Creative Director of Marcel Wanders studio, "and helps us feel as if we are part of something bigger."
