DEVON&DEVON PRESENTS "HIM" AND "HER", A DOUBLE TRIBUTE TO THE BAUHAUS

On the occasion of the 100th anniversary of the foundation of the Bauhaus, and merely weeks away from the release of the movie "The New Bauhaus", Devon&Devon pays homage to the most visionary season of design of the first half of the 20th century.

Devon&Devon will do this by showcasing two new creations which draw their inspiration directly from the proportions and shapes of the great American period of the Bauhaus movement.

HIM and HER are compact vanity units made with refined materials and sophisticated finishings which merge with surprising harmony in an aesthetic made of simple and essential lines.

The metal structure and the legs frame a push-opening door covered in a diamond mirror (split into three for HIM; in a single piece for HER) and supports a precious top (in granite for HIM; in marble with a splashback for HER). The interior is black opaque for both versions and conceals an extractable drawer.

The unusually compact size of HIM and HER (they are only 57cm wide) are Devon&Devon's response to those who want to experience the exclusiveness of design and an elegant bathroom, even in small spaces.
