Wallpaper Collection style apart. What is completely new is the luminous touch which, thanks to two new vinyl paper supports, brightens up the walls with vibrant plays of light: the golden metal sheet embellishes the Gold Leaf with defined flashes and the golden pigments bring to life the diffused sparkle of the Antique Gold model.

These wallpapers are perfect for making an impact, transforming any room into an awe-inspiring space which can make everyday environments exciting. The Gold Leaf and Antique Gold wallpaper are 100% made in Italy high quality products: they are fire-proof, resistant, easy to paste and remove; they do not lose shape or tear while being applied. They are eco-sustainable, use non-flammable water-based odourless nickel-free ink.

In order to ensure the rolls are applied perfectly, they are cut using sophisticated patented machinery which guarantees extremely precise vertical cuts, essential for sequential juxtaposition.

Devon&Devon also provides clients a personalised service for the tailor-made definition of the laying surface.
