Garden of Dreams

Conceived as a dive deep into the creative universe of Marcel Wanders studio, the Garden of Dreams wallpaper wraps the walls in a surreal pattern made up of continuous surprises hidden in even the smallest details: a strawberry kept in an air bubble, a tiny fish hidden by a leaf, a piece of fruit suspended in the sky like a hot air balloon.

The Garden of Dreams wallpaper is available in three colours: Light, Sepia and Navy.

Urban

Inspired by the unexpected fusion of the topographic maps of Florence and Amsterdam, the graphic pattern of the Urban wallpaper designs a city that doesn't exist, populating it with a variety of landmarks, and so creating a stylised anthropised garden in which Michelangelo's David keeps company with windmills, Vespas with bicycles and the Ponte Vecchio with Dutch canals.

The Urban wallpaper is available in three colours: Blue, Black and White.

Zen

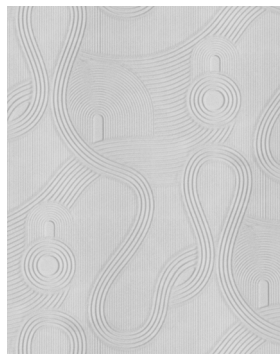

Perfect for spaces designed to convey wellness and comfort, the Zen wallpaper is a gentle invitation to recharge one's energies through the slowness of contemplation. Its graphic pattern, which translates the concrete gestures of ancient traditions into abstract lines, turns the rooms it adorns into oases of peace.

The Zen wallpaper is available in three colours: White, Grey and Pink.

Blossom

A tribute to the most classic decorative interior design pattern, the Blossom wallpaper offers a brand new take on traditional floral designs. In equilibrium between nature and imagination, the corollas on which tiny bees rest reveal glimpses of dewdrops, hinting at the deceptive power of a garden that is near our eyes but remains inaccessible beyond a screen of glass.
